Comment:

Final reclamation activities have been initiated by removing gravel and performing compaction alleviation at both the well location and associated offsite tank battery location. Note: Portions of the new Noble D05-10 pad (Location ID 459443) overlap with the former well location access road and flowline area.

Operator shall complete final reclamation activities, monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management. Operator shall submit a Form 4 Final Reclamation Complete notice when the location meets Rule 1004 standards. COGCC may conduct inspections prior to receiving said notice to ensure compliance with Rule 1004.
