Larimer County, Colorado

Dear Jeff,

The APD for the subject well was approved by your office on December 7, 2000 under API No. 05-069-06330-00. As per our previous telephone conversation, enclosed please find two copies of a Sundry Notice for the above mentioned well. As we discussed, this location has been moved 1000' west as reflected in the above footages.

During our original telephone conversation, you requested that I also forward a revised Notice Requirement (Rule 305). In examining our files, it has come to our attention that the Rule 305 which was previously submitted, was signed for a location to be staked in the SW SE of Sec. 21. (I guess the surface owners knew what our intent was!) Therefore, I am not submitting a revised Rule 305.

Enclosed please find three copies of the revised survey plats, wellpad diagrams, topo maps and photos. I am also forwarding copies of this information to the Larimer County Planning Department. If you should need additional information, please feel free to contact me.

Sincerely,

PERMITCO INC.

Lisa L. Smith
