Operator Comments:

Computer was sticking on the "Submit" screen. Had to shut down computer. Contacted E. Rivera and T. Ikenouye for tech support. Submitted Form 7 on different computer today. I think Silverlight and Windows 10 still don't like each other. Half the time, the Spreadsheet is not accepted as is, despite it being an exact copy of the previous month's template. Thank you so much for your help, as usual.
