General Comment:**COGCC Inspection Report Summary**

On Thursday 10/29/20 at approximately 0930, I, Inspector Scott Ramsey, conducted a follow up inspection at Caerus M34NW, at Location # 334739 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year. All C/As from previous inspection document # 694901068 have been completed. Limited storm water inspection due to snow cover.

During this inspection the following possible compliance issues were observed:

- Lack of tracking controls
- Unmarked containers inside and outside of containment

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
