Location Name: BABB #15-14
API #: 05-123-15049

Photo 2. Photo taken from the entrance point off CR68, facing North. Photo illustrates recontouring has been performed but does not appear to be seeded.

Inspection Photos
Location Name: BABB #15-14
API #: 05-123-15049

Photo 3. Photo taken from the southwestern pit area, facing Northeast. Photo illustrates recontouring has been performed but does not appear to be seeded.

Photo 4. Photo taken south of the pit area, facing Northeast. Photo illustrates an area associated with the tank battery that is mostly bare soil or only growing annual vegetation.

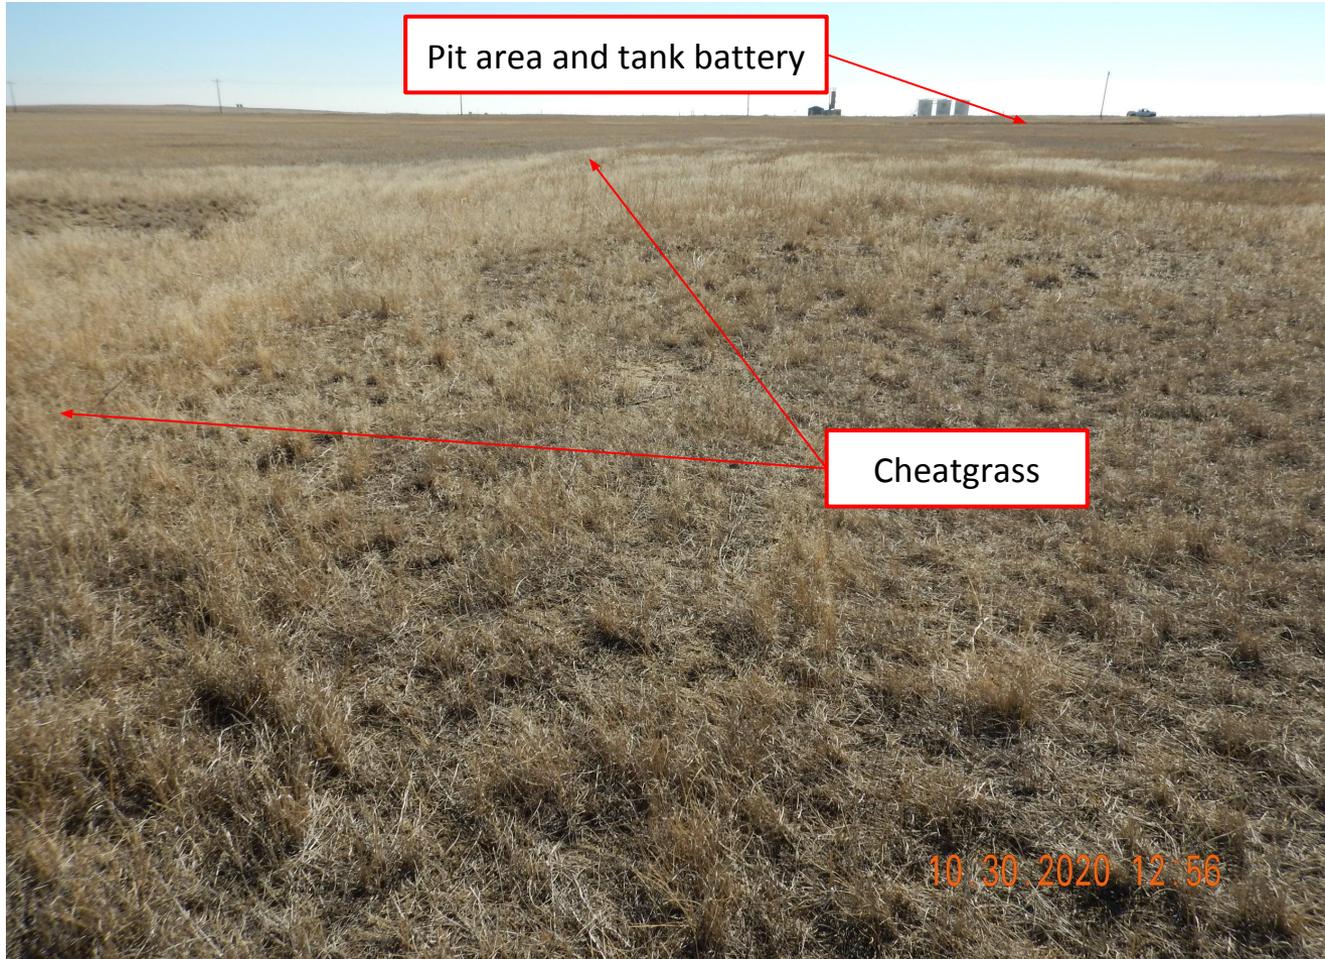

Photo 5. Photo taken from the well location, facing South. Photo illustrates a List C Colorado noxious weed, cheatgrass, which has established throughout portions of the well location. Cheatgrass was not observed in nearby reference areas. Cheatgrass is the uniform, yellowish vegetation illustrated in the photo.
