General Comment:

On 11/2/2020, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Laramie Energy's Mesa Cuttings Disposal Facility location in Garfield County, Colorado.

This inspection is a follow up to FIR #696201784 to document compliance with the following corrective actions:
603.f/1004.a: Remaining Debris
1004.e: Noxious weeds

This inspection is also a followup to resolution doc. #402503360 stating corrective action(s) have been addressed.

It was observed in this inspection that the corrective actions appear to have been addressed.

Refer to the "Reclamation" section of this inspection report for additional details.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

Comment:

Inspection #696201784 observed various noxious weeds and remaining cable debris on the Location. Inspection required Operator to comply with 603.f/1004.e.

Operator submitted Resolution #402503360 stating corrective action(s) have been addressed.

It was observed in this inspection that additional weed management activities appear to have been sufficient, and remaining debris appears to have been removed.

Final reclamation in process. Continue to monitor and manage Location until Location has received a passing final reclamation inspection. Conduct additional reclamation or weed management activities as needed.
