Corrective Action: Production facilities, shall be kept free of equipment and supplies not necessary for use on that lease. Remove unused equipment from location.

Date: 12/24/2020

Response: FACTUAL REVIEW REQUEST

Basis for Review: Corrective action dates are not attainable

Operator Comment: The equipment referenced in the inspection report are weights for use on the pump jack. These weights are necessary for operation of the pump jack. SG has been given approval in the past to store weights alongside the pump jack. SG requests to continue to store pump jack weights as we always have as there is no impact to public

health, safety, the environment or wildlife resources nor are the weights "not necessary for use on the lease".

OPERATOR COMMENT AND SUBMITTAL

Comment: The equipment referenced in the inspection report are weights for use on the pump jack. These weights are necessary for operation of the pump jack. SG has been given approval in the past from COGCC to store weights alongside the pump jack. SG requests to continue to store pump jack weights as we always have as there is no impact to public health, safety, the environment or wildlife resources nor are the weights "not necessary for use on the lease".

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
