Comment: [COGCC Inspection Report Summary](#)  
 On 10-08-2020 at approximately 0852, I, witnessed  
 A UIC, MIT on-site inspection at Andrews 23-18, Smith Operating, on the  
 API # 05-123-08129 in Weld County Colorado.  
 While there, I observed Smith personal conduct a 15 minute MIT test. At the start of the  
 test pressure was 0 psig, pressure was then pumped up to 320 psig, after 5 minutes  
 pressure was 319 psig, at 10minutes pressure was 318 psig, and after 15minutes  
 pressure was 318 psig.  
 I spoke with King Miller, Lease Operator for Smith Operating who conducted the MIT  
 pressure test.  
 No follow inspection up is necessary for this MIT inspection.  
 No compliance issues were observed during this MIT UIC inspection.  
 This is a summary of inspection report.
