**General Comment:**

COGCC Inspection Report Summary  
On Thursday 11/19/20 at approximately 1400, I, Inspector Scott Ramsey, conducted a routine inspection at TEP RWF 313-16, at Location # 335453 in Garfield county Colorado.  
While there, I observed normal production operations. All meters have been calibrated on location within the past year.  
During this inspection the following possible compliance issues were observed:  
• Location shows signs of lack of stabilization BMP's in some areas (rutting is present) BMP's require maintenance which in turn can lead to tracking  
• No evidence of tracking control BMP's  
Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.  
This is a summary of inspection report.
