**General Comment:**

COGCC Inspection Report Summary

On Friday 11/20/20 at approximately 1100, I, Inspector Scott Ramsey, conducted a routine inspection at URSA Mclin A, at Location # 421223 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year.

During this inspection the following possible compliance issues were observed:

- Location shows signs of lack of stabilization BMP's in some areas (rutting is present) BMP's require maintenance which in turn can lead to tracking
- Staining
- One (1) dead man is not marked

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
