General Comment:

COGCC Inspection Report Summary
 On Friday 11/24/20 at approximately 0930, I, Inspector Scott Ramsey, conducted a routine inspection at URSA Castle Springs U, at Location # 335055 in Garfield county Colorado.
 While there, I observed normal production operations. All meters have been calibrated on location within the past year.
 During this inspection the following possible compliance issues were observed:
 • Location shows signs of lack of stabilization BMP's in some areas (rutting is present) BMP's require maintenance which in turn can lead to tracking
 • No evidence of tracking control BMP's
 Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
 This is a summary of inspection report.
