

Pre-Abandonment Notification for Off-Location Flowlines
Miranda CDP Off Location Flowline Abandonment

See the attached map "10" Gas Off Location Flowline Abandonment" dated 08/06/2020 for proposed abandonment flowline details corresponding with the exception rationale below.

Note: all drainages shown on the attached map are obtained from the National Hydrography Dataset (NHD) from the United States Geological Society (USGS).

SEGMENT DETAILS

Segment A to B: approximately 2585 ft. of 10-in off location steel flowline (natural gas)

Type of Abandonment: Abandonment in place of the labeled off location flowline section is planned.

Flowline System ID: PLA 9 469080

Jurisdiction1 (County): La Plata County

Anticipated Date of Abandonment: 09/21/2020

Only part of the system will be abandoned. The remainder of the system will remain in active status.

Abandonment in place is proposed for the labeled off location flowline pursuant to the following:

- This segment is located in a recorded right of way [1105.d.(2) C].
- The removal of this segment would cause significant damage to vegetation [1105.d.(2) D].
