Hi Ryan and Chris,

For the section of road that is denied, we will communicate to the landowner that reclamation is required on that section. For my understanding in this instance, what is the time period to commence the work, especially if we run into winter and frozen ground conditions?

Thanks,

Kate Graves

Hello Ms. Graves,

The reclamation work will need to be completed before the next growing season and no later than March 15th, 2021.

I will upload this email to the well file.

Thanks,

Ryan Costa
