General Comment:**COGCC Inspection Report Summary**

On Tuesday 12/15/20 at approximately 1300, I, Inspector Scott Ramsey, conducted a routine inspection at Grizzly MDP 13, at Location # 418061 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year. Limited storm water inspection due to snow.

During this inspection the following possible compliance issues were observed:

- No evidence of tracking control BMP's
- Debris next to well heads (piping)

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
