Photo 1. View of the project area from the well pad entrance facing center.

Photo 2. View of the northern project area from the northwestern corner facing eastward. Although snow covered, vegetation such as western wheatgrass and smooth brome is observable.

Photo 3. View of the western project area from the northwestern corner facing southward.

Photo 5. View of reference area comprised of grass crop field, largely snow covered at this time.

Photo 5. View of closed gate after leaving location.
