Comment:

Well shares Location with the PREMIER BAR-X COMPRESSOR STATION Operated by RED ROCK GATHERING COMPANY LLC. The well-reclamation area has been fenced off and revegetation activities appear to have been conducted.

Reclamation in process, however vegetative establishment does not appear to be uniform and additional seeding activities will likely be needed to ensure site meets COGCC 1004 standards.

Location Fed Surface/Fed Mineral, passing of final reclamation subject to Federal approval.
