General Comment:

On 11/24/2020, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Caerus Piceance's Rogers Federal #1 location in Mesa County, Colorado.

This inspection in response to a 1001.c, 502.b final reclamation surface owner variance request (SOVR); See document #402525467 for additional information.

Refer to the "Reclamation" and "Stormwater" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment:

Per doc. #402525467, Operator received a SOVR to waive reclamation of the access road, and for minimum contouring of the Location; Per figures and conditions attached to the SOVR, the Location will remain subject to 1000 series requirements.

It was observed in this inspection that additional reclamation/seeding activities appear to have recently been performed on areas of the Location. Additional reclamation does not appear to have been performed on areas of the cut slopes on the south end of the Location, which remain bare (see photo 9).

Corrective Action:

Conduct additional reclamation on the southern cut slopes; Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of pre-disturbance or reference area levels. Use a seed mixture requested by the surface owner, or a mixture prescribed by the local soil conservation district. Ensure erosion controls are implemented to stabilize the seeded soil, and continue to monitor and manage this site until Final Reclamation has passed

Comment:

Per doc. #402525467, Operator received a SOVR to waive reclamation of the access road, indicating the road is graveled within the variance request documents.

It was observed in this inspection that the access road has not been graveled.

Corrective Action:

Per conditions from Doc. #4402525467 install gravel on areas of access road identified on figures attached to the SOVR.

Date: 03/15/2021

Pits: ☐ NO SURFACE INDICATION OF PIT**Attached Documents**
