On January 5, 2021 COGCC SW EPS Jim Hughes conducted an environmental field inspection of the Maralex Resources Inc. Gosney #1A. For the most recent field inspection report of this facility, please refer to document #687904957. During this inspection it appeared that the northernmost separator was missing a bird protector. The tank battery signs have the previous operator's contact information listed. The pump jacks and well heads for the #4A and #2A are stained and wet.	hughesjo	01/15/2021
