General Comment:Construction Inspection

Contractor (Halde) asked if the entrance on CR 3T could be moved because it was in a dangerous location. Inspector got approval from ML and JN to move to access the new well from an existing well (Dada 2-21). Photos attached. Contractor will install an appropriate BMP on downside of corner in case of some type of emergency situation that may occur. A Form 4 was in process to change the location (document #402571106 Form 04 (--OTHER) -00).
