CORRECTIVE ACTIONS:

1 CA# 146066

Corrective Action: Install or repair required BMPs per Rule 1002.f.(2)C
Install, maintain or provide documentation of post construction management plan or
BMP??s.

Date: 02/06/2021

Response: CA COMPLETED Date of Completion: 02/02/2021

Cleaned sediment from ditch, built up berm to assist water from flowing onto road, rebuilt rock armor in drainage.
This section does not have a culvert Berry intends to install trap and culvert in the spring of 2021.

Operator Comment: Sediment control measures (i.e. sediment traps, roadside ditches, check dams, berms) are in place and maintained throughout the interim roads and well pads to control potential sediment discharge associated with tracking from one dirt road onto another. These BMPs have been specifically engineered and certified by a professional engineer for these types of dirt roads.

COGCC Decision: _____

COGCC Representative: _____

OPERATOR COMMENT AND SUBMITTAL

Comment: Cleaned sediment from ditch, built up berm to assist water from flowing onto road, rebuilt rock armor in drainage. This section does not have a culvert Berry intends to install trap and culvert in the spring of 2021. Sediment control measures (i.e. sediment traps, roadside ditches, check dams, berms) are in place and maintained throughout the interim roads and well pads to control potential sediment discharge associated with tracking from one dirt road onto another. These BMPs have been specifically engineered and certified by a professional engineer for these types of dirt roads.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
