Comment:

Last gas sales from the well was in 5/2009. Gas gatherer has now terminated purchasing gas from offsetting wells at this time due to a leak in a lateral associated with the gathering in the area. To date they have not turned any wells back on and have indicated that they may never resume gas purchases from behind this lateral. If the purchaser reinitiates gas sales a new meter calibration will be obtained.

OPERATOR COMMENT AND SUBMITTAL

Comment: Weeds on location have been addressed. Well now has lost the ability to sell gas due to a leak in the gatherer's system. If and when gas sales are resumed a new calibration will be obtained.
