NOTICE OF ALLEGED VIOLATION - ISSUED

Per Rule 522, the Director has reasonable cause to believe that a violation of the Act, or of any Commission rule, order, or permit has occurred, the Director will require the operator to remedy the violation and may commence an enforcement action seeking penalties by issuing a Notice of Alleged Violation (NOAV). Per Rule 523, an operator who violates the Act, or a Commission rule, order, or permit may be subject to a penalty imposed by Commission order.

County: CHEYENNE

ALLEGED VIOLATION

Rule: 210.b
Rule Description: Signs & Markers- Wells & Batteries
Initial Discovery Date: 12/01/2020 Was this violation self-reported by the operator? No
Date of Violation: 12/01/2020 Approximate Time of Violation: _____
Was this a discrete violation of obvious duration? Unknown

Description of Alleged Violation:

Pursuant to Rule 210.b., within 60 days after the completion of a well or the installation of a battery, Gilbert Stewart Operating, LLC ("Operator") shall install permanent signage at the wellhead and/or battery. This signage shall provide, among other required information, a phone number at which Operator can be reached at all times.

On December 1, 2020, COGCC staff inspected (Field Inspection No. 700600225) the Akers #2 location (API No. 05-073-06393, the "Location") and observed methane gas venting. The sign located at the wellhead did not provide an emergency contact number for the Operator. COGCC staff called Operator's emergency contact number posted at an alternate location on December 1, 2020 and on December 2, 2020 and received no answer. On both occasions COGCC left voicemails for Operator. At the time of submission of the inspection report (December 2, 2020), Operator had not responded to calls from COGCC staff.

On December 7, 2020, Operator submitted a FIR Resolution Form (FIR Resolution Form No. 402547463) stating, incorrectly, that a 24-hour contact number was being posted at the location the week of December 7, 2020.

On December 14, 2020, COGCC staff performed a follow-up inspection (Field Inspection No. 700600239) and observed that Operator had not yet posted an emergency contact number for the Operator at the wellhead.

Operator failed to install permanent signage with the required information at the Well, violating Rule 210.b.

Abatement or Corrective Action Required to be Performed by Operator:

Corrective Action Due Date: 02/12/2021

Proper and timely abatement does not preclude the assessment of penalties and an Order Finding Violation.

Operator shall install signage at the Well including a phone number at which Operator can be reached at all times, and all other information required by Rule 210.b. Operator shall submit an eForm 4 Sundry Notice which provides photographic evidence of the updated signage. Operator shall include an explanation of how Operator will ensure the required signage at the Well location will be kept up to date, and how Operator will ensure that the posted phone number will reach Operator at all times.

PENALTY

Penalties for violations alleged in this NOAV will be calculated pursuant to Rule 523, with daily penalties accruing pursuant to Section 34-60-121(1), C.R.S.

ANSWER

Pursuant to Rule 522.d.(2), the operator must file an Answer to this NOAV within 28 days of its receipt, or a default judgement may be entered. An answer will, at a minimum, discuss the allegations contained in the NOAV, responding to each; identify corrective actions taken in response to the NOAV, if any; and identify facts known to the operator at the time that are relevant to the operator's response to the alleged violations. Hard copy answers are filed with the Commission Secretary at the Commission's Denver office and should also be emailed to dnr_cogccenforcement@state.co.us.

NOAV ISSUED

NOAV Issue Date: 02/12/2021

COGCC Representative Signature: _____

COGCC Representative: Trent Lindley

Title: NOAV Specialist
