Operator has submitted two separate variance requests to delay interim reclamation for a total period of three years.

The first variance request (Doc.# 401590845) was approved after receiving the required financial assurance bond of \$11,926.43 (SURETY ID#2018-0185) to delay interim reclamation for one year. That one year expired on 3/14/2019.

The second variance request (Doc.# 402143774) was to delay interim reclamation for an additional two years. Enerplus was required to bond up for an additional \$13,548.58. This variance request has not been approved because COGCC has not received that required bond.

Corrective Action

1) Enerplus shall submit the required bond of \$13,548.58 by 3/14/2021;

2) Enerplus shall have interim reclamation completed by 3/14/2021.
