General Comment:

On 2/24/2021, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at TEP's Chevron TR22-15-597 location in Garfield County, Colorado.

This inspection is a followup to Inspection #680102449 dated 11/15/2017 and #692401540 dated to document compliance with the following corrective actions:
-Comply with COGCC 1004 Rules.

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

COGCC Comments

Comment	User	Date
<p>Records show well was abandoned 8/7/2013 and the Location was constructed. Pursuant to Rule 1004.a, final reclamation of the Location was due 8/7/2014.</p> <p>Previous inspection observed that final reclamation was not conducted; inspections required Operator to comply with 1004 rules by 6/1/2018.</p> <p>Limited visibility due to snow cover prevented Reclamation Specialist from conducting an accurate assessment of the reclamation on the Location. However, what appears to be cut slopes along the access road remain, indicating the access road has not been reclaimed pursuant to COGCC 1004 Rules. A followup inspection will be conducted once conditions improve. If it is determined that the Location remains out of compliance with 1004 rules, the original corrective actions and dates from the previous FIRs will remain applicable.</p>	trujilloam	02/25/2021
