Good afternoon,

We had a state reportable release today due to the discovery of historically impacted soil at the wellhead referenced below. The release is controlled. Clean-up and excavation activities are in process. A Form 19 Release Report is forthcoming. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld county via electronic mail,
- Town of Frederick via electronic mail,
- Surface Owner contacted via electronic mail.

The Environmental Release/Incident Report Hotline and Colorado Parks and Wildlife were not contacted as this release did not trigger notification requirements per 912.b.(2)B.
