General Comment:

On 2/19/2021, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Rio Mesa Resources Inc's AMOCO LARSON #4 location in Rio Blanco County, Colorado.

The following compliance issues were observed during this inspection:
1004.a

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment: _____

It was observed in this inspection that this Location does not meet COGCC 1004 Final Reclamation requirements. Records show well PA 5/27/2014; Pursuant to Rule 1004.a, surface equipment required to be removed by 8/27/2014, and all reclamation work required to be completed by 5/27/2015. Historic aerial imagery shows equipment (tank) remained on the Location in 2019. Location/access road has not been decompacted, recontoured/regraded and reclaimed, containment berm and area where tank was located remains evident.

A corrective action date of 5/27/2015 is being provided as this is when final reclamation activities should have been completed by.

Corrective Action:

Comply with COGCC 1004 rules. Conduct final reclamation on the Location and access road including, but not limited to, compaction alleviation, recontouring/regrading, and establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of pre-disturbance or reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil, and continue to monitor and manage this site until Final Reclamation has passed.

Date **05/27/2015**
