Comment: The pipeline riser remains at the location and is interfering with farming operations. All other equipment has been removed. Area where meter run and other equipment was set has not been reclaimed as required by previous inspections. Collaborate with the surface owner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production, and collaborate with the midstream company to remove the riser remaining on the location,

Corrective Action:	Remove riser and perform additional reclamation activities in accordance to COGCC rules.	Date	10/31/2018
