**COGCC Comments**

Comment	User	Date
Inspection due noise complaints. I set up COGCC sound equipment next to OXY third party sound meter witch is 471 feet to the south of Mae J location see pics. At time of inspection I did not observe any unusual noise in or around location. After reviewing sound data no violation of COGCC rules were observed at the time of the inspection. All information reviewed and site inspection information has been submitted to the COGCC for further review. Crew is expected to complete fracing phase on the morning of 3-5-21.	silverr	03/05/2021
