Subject: State Reportable Release 24 Hour Notification - ELLS XX 19-4D

Follow Up Flag: Follow up
Flag Status: Flagged

Good morning,

We had a state reportable release this afternoon due to the discovery of historically impacted soil at the location referenced below. This was not an active release and therefore currently controlled. The historically impacted soil was discovered during abandonment activities. Excavation activities are currently on-going. A Form 19 Release Report is forthcoming. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld county via electronic mail,
- Surface Owner contacted via phone.

The Environmental Release/Incident Report Hotline and Colorado Parks and Wildlife were not contacted as this release did not trigger notification requirements per 912.b.(2)B.

Location Details:

- Well/ Facility Name: ELLS XX 19-4D
- Location: SESE 19 1N65W
- Latitude/Longitude: 40.03237/-104.700754
- Facility ID: 329546

Thank you,

Ariana Ochoa
