**General Comment:**

Follow up to 1/20/2021 inspection #701101061  
No evidence of sediment from passing road covering snow on cutslope.  
During this inspection the following possible compliance issues were observed:  
Storm water moving onto location from road ditch. Location lacks stabilization.  
Ditch to dam is eroding from overwhelming storm water flow.  
A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
