General Comment:

On 3/9/2021 Catherine Roy conducted a followup reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Remove and properly dispose of weed debris. Manage weeds to prevent debris. Corrective action date: 4/11/2021.

-Corrective actions identified during a 2019 reclamation inspection are addressed. Stormwater erosion and revegetation need to continue to be monitored and managed as needed.

See below, and attached photos for additional detail.

-Location is shared with Simcoe. It is the responsibility of both operators on a single location to ensure compliance.
