Subject: State Reportable Release 24 Hour Notification - ACKERSON, ELLANORA M GU 2

Follow Up Flag: Follow up
Flag Status: Flagged

Good evening,

We had a state reportable release today due to the volume of historically impacted soil removed from the wellhead at the location referenced below. This release is historical and therefore not an active release. The historically impacted soil was discovered during plug and abandonment activities. Excavation activities are currently on-going and a Form 19 Release Report is forthcoming. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld County via electronic mail,
- Surface Owner notification in process,

The Environmental Release/Incident Report Hotline and Colorado Parks and Wildlife were not contacted as this release did not trigger notification requirements per 912.b.(2)B.

Location Details:

- Well/ Facility Name: ACKERSON, ELLANORA M GU 2
- Location: SWSE 2 1N67W
- Latitude/Longitude: 40.0759166/-104.8539299
- Wellhead ID: 05-123-10185

Please let me know if you have any questions.

Thank you,

Ariana Ochoa
