General Comment:

COGCC Inspection Report Summary
On Tuesday 3/16/2021 at approximately 1200, I, Inspector Scott Ramsey, conducted a routine inspection at TEP RMV 139-21, at Location # 335174 in Garfield county Colorado.
While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat and Wildlife Management Area.
During this inspection the following possible compliance issues were observed:
1. Tank battery signage does not meet requirements of new rule 605.e
2. No evidence of tracking control BMP's
Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
