# REMEDIAL ACTION PLAN

Does this Supplemental Form 27A include changes to a previously approved Remedial Action Plan? No \_\_\_\_\_

## **SOURCE REMOVAL SUMMARY**

Describe how source is to be removed.

The extent of the impacts have been delineated and remediation of the source area will be scheduled once the adjacent facility, owned by another operator, is removed.

## **REMEDICATION SUMMARY**

Describe how remediation of existing impacts to soil and groundwater is to be accomplished (i.e. summarize remedial action plan). Provide a brief narrative description including: technical justification, schedule for implementation, estimated time to attain NFA status, plus plans and specifications for the selected remedial action technology.

A site assessment to delineate impacted media was completed on May 27, 2020. Eight monitoring wells were installed and will be sampled to monitor natural attenuation.
