RE: Vegetation Assessment Report (Final Reclamation Completion Notice)
COGCC Location Information: AUFRECHT N-65N67W /2SESE (Location I.D. 310504)
Operator Location Information: AUFRECHT N 2-16 Well (API # 05-123-26503)
PDC Energy Inc. (Operator: 69175)

Dear Mr. Porter:

Apex Companies, LLC (Apex) is presenting this letter to PDC Energy Inc. (PDC) documenting the results of a vegetation assessment that demonstrates successful completion of final reclamation efforts, per Colorado Oil & Gas Conservation Commission (COGCC) Rule 1004, on the above-referenced location. Attached is a topographic location map and a vegetation survey site map with additional location information.

Site visits, project correspondence and documentation, and the completed vegetation assessment confirmed that the location has been final reclaimed and returned by the landowner to cropland and agricultural use, with no evidence of unrestored subsidence over two growing seasons. Based on the results of the survey, final reclamation, as defined by COGCC rules and regulations, has been achieved. Photographs exhibiting current site conditions are attached, along with the site map that illustrates the photo points.

On August 7, 2020, the site was visited and photographs documenting crop establishment throughout the location were taken, along with reference area crops.

Apex appreciates the opportunity to provide environmental consulting services on this project. Should you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

Apex Companies, LLC

Carolyn Craveiro de Sá
Environmental Scientist
