RE: Offsite pit southeast of the Blue Heron 11-17 Well
T34S-R65W, Section 17: NW/4NW/4
Las Animas County, CO

Dear Mr. Hill:

There is an offsite pit situated southeast of the Blue Heron 11-17 well that has been used in the past by Pioneer Natural Resources USA, Inc. for storage of CBM water, but this is no longer used or needed. In Mike Powell's on-site consultation with Chris Sanchez, Mike indicated that Hill Ranch prefers to retain this pit in its current state for rain and snow runoff for purposes of watering wildlife. You also indicated that one end of the pit should be sloped on one side to allow wildlife to safely exit the pit.

If this is your understanding, kindly sign one copy of this letter in the space provided below and return it to the undersigned in the enclosed envelope at your earliest convenience.

Thank you for your assistance in this matter. Should you have any questions, please do not hesitate to contact me at (303) 675-2737 or toll free at 1-800-553-1645.

Yours very truly,

PIONEER NATURAL RESOURCES USA, INC.
