API: 071-06816 | Date: 4/12/2021

## Inspection Photos

**Photo 2.** A ditch was bladed to divert stormwater off the road however, BMP's are required to prevent sediment discharge. BMP's such as a sediment trap, rip/rap, check dams need to be installed. Photo on the right shows sediment accumulation from the access road. Erosion controls are required to stabilize the road.
