General Comment:

On 4/16/2021, Reclamation Specialist Trujillo conducted an interim reclamation inspection at TEP Rocky Mountain's Mahaffey-66S95W 36NWNW location in Garfield County, Colorado.

The following compliance issues were observed during this inspection:
1003.e.(2): Revegetation of non-crop lands

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment

Records show wells have been in production since 2010; at least 10 growing seasons have passed. It was observed in this inspection that restoration and revegetation of disturbed areas no longer needed is not progressing towards COGCC 1003's 80% uniform, desirable vegetative cover requirements

Corrective Action

Comply with 1003 Rules and conduct additional reclamation activities. Ensure erosion controls are implemented to stabilize the seeded soil, and continue to monitor and manage this site until Final Reclamation has passed.
