Comment: This location does not comply with Rule 1004. It has been over 2 growing seasons since plugging and the majority of the location has no germination of desirable plant species. There were bare patches observed in the reference area but not to the extent observed at this location.

Corrective Action:

Date **04/22/2021**

Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production.

The corrective date is not intended to be the date for which the Operator shall complete the corrective actions but rather the corrective date is the date the location was observed out of compliance.
