 TRANSECT RESULTS OF DISTURBED AREA% _____
 TRANSECT RESULTS OF REFERENCE AREA% _____
 TOTAL % OF DESIRABLE VEGETATION COVER _____
 VEGETATIVE COVER _____

Comment:

Operator has performed final reclamation activities but little to no establishment of desirable vegetation was observed. Operator should consider performing additional reclamation activities to stabilize the locations.

Reference areas appear to have been overgrazed and are mostly annual weeds. Also, based on Weld County records, this parcel could possibly be associated with future housing development.
