General Comments

<u>User Group</u>	<u>Comment</u>	<u>Comment Date</u>
OGLA	Based on a desktop review of the location, there is no encroaching development that would pose public health, safety or welfare concerns. The environmental considerations have not changed substantially since the last amended Form 2A was approved in 2018. There is no intersection with newly mapped High Priority Habitat, though there is Pronghorn Winter Concentration Area about a mile to the northeast. Based on that evaluation, the OGLA task has been passed.	05/11/2021
Routing Review	Added Engineering and OGLA tasks.	05/11/2021
