Re: Notice of Change of Operator and Transfer of Assets in Jackson County, Colorado
From: SandRidge Exploration & Production, LLC
To Gondola Resources, LLC

Dear Jackson County Administrator,

On behalf of Gondola Resources, LLC (“Gondola”) and D90 Energy, LLC (“D90”), this letter is being sent to provide the Office of the Jackson County Administrator with information and notice regarding the recent sale and transfer of assets in Jackson County, Colorado from SandRidge Exploration & Production, LLC (“SandRidge”) to Gondola Resources, LLC. The sale and transfer of assets was consummated on February 5th, 2021.

For additional clarity on both Gondola and D90, Gondola Resources is the record title holder and successor owner of these assets and D90 Energy is the designated Contract Operator of the assets in Jackson County. In connection with the transaction and proper filing of notice and forms with the Colorado Oil and Gas Conservation Commission (“COGCC”), Gondola and SandRidge provided the attached letter to the COGCC to provide the information required in the Form 9-Intent and Form 9-Subsequent, which Forms have not yet been finalized and published by the COGCC.

Furthermore, as the letter to the COGCC specifies, Gondola is also sending this letter as required to provide written notice of the transaction to the Relevant Local Government in which any Transferable Items are located.

Gondola and D90 look forward to working with Jackson County and please don’t hesitate to contact Gondola with any questions or concerns.

Best regards,

Ryan Sullivan
