**General Comment:**

This is a reclamation inspection of the GOEMMER #14-12 well site which was plugged and abandoned on 2/12/2012.  
 The location is not in compliance with the Final Reclamation requirements.  
 Continued non-compliance will be considered for enforcement.  
 See attached photos and additional details within this report.

Comment: There is a culvert and gravel that remains along the access road near the location. A pipeline riser was found near the location. All equipment and debris should have been removed within 3 months of plugging the well. The location has not established desirable perennial vegetation and there are noxious weeds that need to be controlled. The corrective action date is set for when final reclamation was required to be completed. Corrective action needs to be performed immediately to obtain compliance.
