General Comment:**COGCC Inspection Report Summary**

On Tuesday 6/1/2021 at approximately 0900, I, Inspector Scott Ramsey, conducted a follow up inspection at Caerus H26NW, at Location # 335314 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat and Wildlife Management Area. Also location is within or in close proximity to the 411 water protection area. Operator (Caerus) has provided documentation of their Best Management Practices for Sediment Tracking Controls.

During this inspection the following possible compliance issues were observed:

1. No tank battery signage
 2. Location shows signs of lack of stabilization/compaction
- Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
