	<ol style="list-style-type: none">1. Operator will implement measures to capture, combust, or control emissions to protect health and safety, and to ensure that vapors and odors from well plugging operations do not constitute a nuisance or hazard to public health, welfare and the environment. Due to proximity of Building Units (BUs) all blowdown gases will be controlled.2. Prior to commencing operations, the operator will contact the neighborhood HOA and Boulder County to offer information regarding the nature, timing, and duration of the plugging and abandonment activities.3. Prior to commencing operations, at a minimum, the operator will provide an informational sheet to the BUs that are adjacent to the parcel on which the well is located. The sheet will include the well name, well surface location, operator's contact information and the nature, timing, and duration of the P&A operations.
