Unused or unneeded equipment onsite? Fail

Comment

There is various unused equipment stored at the location. Since last year during inspection, the amount of unused equipment has increased and remains in the same position indicating the equipment has not been used. Equipment needs to be organized and unused equipment needs to be removed. Previous corrective action was not completed.

Corrective Action

Comply with 1003.a. Rule.

1003 f. Weeds Noxious weeds? I

Comment

The vegetation is well established in the interim reclamation area however, unused equipment is disturbing vegetation in a portion of the location. There were fewer noxious weeds observed along the access road and at the location. It appears previous weed control has been effective. Ongoing monitoring and control should be performed to keep noxious weeds under control.
