

**Pre-Abandonment Notification for Off-Location Flowlines  
CDOT 550- 160 Phase 2 Gas Off Location Flowline Abandonment**

See the attached map "Fiberglass Gas Off Location Flowline Abandonment" dated 05/10/2021 for proposed abandonment flowline details corresponding with the exception rationale below.

Note: all drainages shown on the attached map are obtained from the National Hydrography Dataset (NHD) from the United States Geological Society (USGS).

Type of Abandonment: Abandonment in place and removal of the labeled off location flowline section is planned.

Flowline System ID: 471395

Jurisdiction1 (County): La Plata County

Anticipated Date of Abandonment: 05/26/2021

Only part of the system will be abandoned. The remainder of the system will remain in active status.

**SEGMENT DETAILS**

**Segment A to B:** approximately 55-ft. of 6-in off location fiberglass flowline (gas)

Abandonment in place is proposed for the labeled off location flowline pursuant to the following:

- The flowline or crude oil transfer line is co-located with other active pipelines or utilities or is in a recorded right of way. [1105.d.(2) C].
- The flowline or crude oil transfer line or a segment of the line crosses or is within 30 feet of a public road, railroad, bike path, public right of way, utility corridor, or active utility or pipeline crossing. [1105.d.(2) F].

**Segment B to C:** approximately 90-ft. of 6-in off location fiberglass flowline (gas)

Removal is proposed for the labeled off location flowline

**Segment C to D:** approximately 260-ft. of 6-in off location fiberglass flowline (gas)

Abandonment in place is proposed for the labeled off location flowline pursuant to the following:

- The flowline or crude oil transfer line is co-located with other active pipelines or utilities or is in a recorded right of way. [1105.d.(2) C].
- The flowline or crude oil transfer line or a segment of the line crosses or is within 30 feet of a public road, railroad, bike path, public right of way, utility corridor, or active utility or pipeline crossing. [1105.d.(2) F].

**Additional Comments:**

370-ft of 405-ft of this pipeline abandonment will be under CDOT ROW which they have agreed to abandon in place where not installed within a casing. The remaining 35-ft out of CDOT ROW will be under landowner and IKAV access road.
