**General Comment:**

This well was previously operated by Petroshare. It is in the Orphaned Well Program (OWP) database. Bond claim is in process but COGCC is awaiting spending authority. Due to the urgent nature of the hazard, a contractor has been contacted to remove the liquids from the tank and remove the tank if feasible.

Orphaned Well Inspection in response to CPW City of Aurora inspections that discovered the remains of a bird in the PW tank. By the time of this inspection, the netting had been restretched and looked sound. Bird remains are too decayed for identification. Contractor has been contacted for an estimate to at least drain and possibly remove this tank.	hickeymi	06/16/2021
