Subject: State Reportable Release 24 Hour Notification - Moser H 21-29

Good morning,

We had a state reportable release today due to the volume of historically impacted soil removed from the location referenced below. This release is historical and therefore not an active release. The historically impacted soil was discovered during plug and abandonment activities at the wellhead. Excavation activities are currently on-going and a Form 19 Release Report is forthcoming. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld County contacted via electronic mail
- Surface Owner contacted via phone

The Environmental Release/Incident Report Hotline and Colorado Parks and Wildlife were not contacted as this release did not trigger notification requirements per 912.b.(2)B.

Location Details:

- Wellhead Name: Moser H 21-29
- Location: NENW 21 3N 65W
- Latitude/Longitude: 40.217676/-104.673033
- Wellhead ID: 05-123-26340

Thank you,

Ariana Ochoa
