General Comment:

On 6/17/2021 Catherine Roy conducted a reclamation and stormwater inspection. No compliance issues were documented during this inspection.

An assessment of the interim reclamation area and surrounding trees was assessed. No new tree mortality observed from previous inspections. Soil and vegetation samples were taken.

Comment: Stormwater and erosion controls were assessed during this inspection and active erosion was not observed. These controls are assessed for whether they are functioning at the time of the inspection only. A determination as to whether or not they are adequate for the location over the duration of production is not made. Continue monitoring and managing stormwater and erosion controls to ensure compliance with stormwater regulations.
